MY BOY JACK - Behind the Scenes

Blood, sweat and tears - it's all going on at rehearsals!

With opening night approaching, the final push to create a great show has begun. And the cast are giving it their all! It's not every play that you can literally say 'Our blood, sweat and tears have gone into this', but in the last week this has definitely been the case.

With smashed glasses, carpet burns and head injuries the cast have quite literally been throwing themselves into their performances.

What can I say? They're a dedicated lot and the show will be an entertaining night of ups and downs, triumphs and grief, with a little bit of Irish madness for fun.

Helen Watson - Director
